Subject: Re: RTIC meeting materials

Please have Jill Cohenour or Dick Barrett serve as my proxy.

Thank you
Edie McClafferty

Members of the Revenue and Transportation Interim Committee:

Meeting materials for Monday's meeting are now posted on the [committee website](#). The meeting is in Room 152 and begins at 9:30 am. Printed materials will be provided at the meeting.

The draft work plan is structured differently than in previous interims with a focus on staff time rather than committee time. I hope the measure of staff time will be more useful as the committee sets priorities for the interim. The [Draft Decision Matrix](#) shows all possible topics side-by-side and allows you to note your preferences and total the staff time. I encourage you to spend some time thinking and making notes about your priorities over the weekend. Only one committee member provided additional topics so blank spaces are provided to add additional topics.

If you are not able to attend the meeting, please let me know. You may designate a proxy in writing by emailing me the proxy's name. Proxies may only be voted if the committee decides to allow proxies.

Please let me know if you have any questions.
